

## DT Home Learning Challenge - Great British Bake-Off at home

Can you and your family members have your own 'Bake-Off' at home? Decide on what you are all going to make (cake, biscuits, pizza etc)

Plan what you are going to make and how you are going to win your Bake-Off. What special ingredients or decoration are you going to include?

Get to work and make your creations. Remember to ask an adult for help when using the oven or hob!

Once you have all made your creations decide on how you are going to choose the winner.

Now for the taste test and final decisions, who is your Bake-Off winner?

Good luck and remember to have fun!
