

## Counting in 5s activities

### Hopscotch

Use paper or chalk to make a hopscotch grid in your house/garden and jump in steps of 5. Can you do it starting at 50, counting backwards?

### Counting objects

Count groups of objects in fives. How many groups of five do you need to make a target number, e.g. 15?

### High fives!

Use your handprint to count in 5s!

Pick a finger, what number does that finger represent?

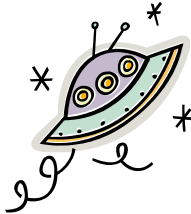

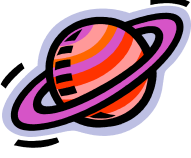

How many handprints do you need to show 30 fingers?

How do you know?

Number mazes

Can you help the Alien find his way home by travelling in 5s from **5** to **100**?

Draw a line to connect the numbers and make a pathway for the alien to travel.
