

Wordcraft

For those of you who would like to play Wordcraft, here is a summary of the rules:

1. Choose a word class; adjectives, verbs, adverbs, prepositions or nouns.
2. Take turns to name one example of the word class. So, for example, if you have chosen adjectives, you would take turns to say a different adjective (blue, beautiful, stunning, angry, courageous, bold etc).
3. If you hesitate for longer than 7 seconds (you can adapt the timings depending on the age of your children), or if you repeat a word, then you are out of the game.
4. The last person left in the game, wins!

Good luck and be brave!
