

# Home Learning - Term 4

This term we will be learning about journeys and ways to travel using different vehicles. Please feel free to represent your learning in any way you wish - poster, creative piece, photographs, parents annotations.

Make a map showing your journey to school. Think about the things you see along the way - traffic lights, Waitrose, the park. You could construct your map using junk modelling, drawing, painting or using the computer.

Take a journey on public transport and bring your ticket to show your friends. It might be nice to share some photographs too.

Join Maddie as she shows us the coolest vehicles she has found - [Top 5 - Very Cool Vehicles - CBeebies - BBC](#)

Write about a place you would like to visit. How would you get there? How long would the journey take? What would you see? Is there anything you could bring back to show people?

Spend some time looking at vehicles in the past and present times. Discuss how they have changed and what similarities they still have.

Use the words for life website for ideas on supporting your child's Communication and Language development.
