

Year 4

Terms 3 and 4 Harry Potter and The Vikings
Home Learning Tasks.

Please complete **one** task from the list above. If you have another idea that inspires and excites you, please feel free to complete a different task of your choosing. If you wish to complete more than one task you may.

Please remember that Home learning is due in on **Wednesday 9th March 2022.**

I enjoy reading, writing and speaking.	Turn my favourite part of Harry Potter into a script. You could even film yourself performing a section and send it in for us to see! Or Write your own Viking diary entry reflecting on the daily life of a Viking.
I enjoy working with numbers and being scientific.	Investigate states of matter (solid, liquid and gas) to create my own potion for Professor Snape. Or Create a PowerPoint explaining how a simple circuit works, you could even make a working model to show us!
I enjoy painting and drawing.	Create a cubist picture inspired by the Vikings. Or Create a sketch of a Viking settlement. Can you use shading to create a more 3D image?
I enjoy being active and doing hands-on activities.	Create a 3D model with moving parts linked to Harry Potter or the Vikings eg: a castle with a draw bridge, the Hogwarts express with moving wheels, a long boat with oars? Or Create your own magical sport. You could base your ideas on Quidditch to help you begin.
I enjoy working by myself.	Create a fact file about your favourite Harry Potter character. Why did you choose this character? What do you admire about them? What facts do you know about them? Or Create your own pack of Top Trumps cards about Harry Potter or the Vikings.
