

Repton Manor Primary School, Family Acceptable Use of Technology Policy ...

As a school, we are keen to promote safe technology use both in and out of school. As such, the children have devised their own 'rules' to follow both within and outside of school. As a school, we feel that modelling safe technology use and talking about safe behaviours is fundamental in ensuring that your child has the best possible chance of being safe online and reporting concerns appropriately if they do occur. In school we offer regular online safety lessons following the project Evolve framework (this can be found online). We have some statements, documented below, which we feel are important for parents to understand and follow to support their child and the school. If you do not agree with any of the statements below, please contact a Designated Safeguarding Lead (Kayleigh Simpson, Matt Rawling or Hannah Ferris).

1. I, with my child, have read and discussed Repton Manor Primary School learner acceptable use of technology policy (AUP) and understand that the AUP will help keep my child safe online.
2. I understand that the AUP applies to my child's use of school devices and systems on site and at home, and personal use where there are safeguarding and/or behaviour concerns.
3. I am aware that any use of school devices and systems may be monitored for safety and security reasons to keep my child safe and to ensure policy compliance. This monitoring will be proportionate and will take place in accordance with data protection, privacy, and human rights legislation.
4. I am aware that my child cannot use personal devices and mobile technology on site.
5. I understand that my child needs a safe and appropriate place to access remote learning if school is closed in response to Covid-19. I will ensure my child's access to remote learning is appropriately supervised. When accessing video or live learning, I will ensure that they are in an appropriate location and that they are suitably dressed.
6. I understand that the school will take every reasonable precaution, including implementing appropriate monitoring and filtering systems, to ensure my child is safe when they use school devices and systems. I understand that the school cannot ultimately be held responsible for the nature and content of materials accessed on the internet or if my child is using mobile technologies.
7. I, with my child, are aware of the importance of safe online behaviour and will not deliberately upload or add any images, videos, sounds or text that could upset, threaten the safety of, or offend, any member of the school community.
8. I, with my child, are aware of the importance of not sharing any image or video which is posted onto a child's Google Classroom in any other platform or social media site.
9. I understand that the school will contact me if they have concerns about any possible breaches of the AUP or have any concerns about my child's safety.
10. I will inform the school or other relevant organisations if I have concerns over my child's, or other members of the school communities', safety online. I can find relevant organisations to support by either contacting the school or looking on the school website.
11. I know that my child will receive online safety education to help them understand the importance of safe use of technology and the internet – both in and out of school.
12. I will support the school online safety approaches. I will use appropriate parental controls and will encourage my child to adopt safe use of the internet and other technology at home, as appropriate to their age and understanding.

G Suite for Education Notice to Parents and Guardians ...

This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts.

Using their G-Suite for Education accounts, students may access and use the following "Core Services" offered by Google (described at https://workspace.google.com/terms/user_features.html).

Google provides information about the information it collects, as well as how it uses and discloses the information it collects from G-Suite for Education accounts in its G-Suite for Education Privacy Notice. You can read that notice online at https://workspace.google.com/terms/education_privacy.html.

Google have published a Guide for Guardians, if you would like more information (<https://docs.google.com/document/d/12lyNXl86g3yF3Gzh7SePjJgRxTZlQh943NiIvD4NulQ/edit>).
